Summary Sheet

I. Description of Item

This item approves a contract in the amount of \$2,220,278.00 with Standard Construction for asphalt resurfacing of six roadway segments in Shelby County that have been selected for overlay due to conditional issues. The selected roadway segments have signs of excessive wear such as potholes and pavement surface spalling. Vehicle use, weathering, aging and in some cases utility cuts/repairs in the pavement are contributing factors to the deterioration. A new pavement surface with the absence of pavement deformations will provide safer routes for motorists. In addition, the new pavement markings will be more visible which provides another level of safety, especially in the evenings and during rain events. The project is being funded by a combination of federal grant and local funds. TDOT is deducting \$50,000 from the available grant funds for project oversight.

II. Source and Amount of Funding

This project is being funded through the Surface Transportation Program (STP) which is administered by TDOT and the local MPO.

Federal Funds (80% of program grant)	\$ 1,731,519.00
County Restricted Funds (20% of program grant)	432,880.00
County Restricted Funds (fund bid amount above available grant)	<u>105,879.00</u>
	<u>\$ 2,270,278.00</u>

(Note: TDOT and the Department of Regional Services has provided assurance that an additional \$55,500.00 will be available for this project.)

A. Amount Expended/Budget Line Item

1. See attached Exhibit A.

B. All Costs (Direct/Indirect)

1. Construction Costs	\$ 2,220,278.00
2. TDOT oversight	<u>\$ 50,000.00</u>
	<u>\$ 2,270,278.00</u>

C. Additional or Subsequent Obligations or Expenses of Shelby County

1. Asphalt resurfacing plans (funded through Roads and Bridges restricted gas tax funds) \$18,500.00 (encumbered in FY 08-09)

III. Contract Items

A. Type of Contract	Standard
B. Terms	120 days or until project completion

IV. Additional Information Relevant to Approval of This Item

The low bidder, Standard Construction, is a locally owned and operated asphalt paving company that has committed to use locally owned small businesses (LOSB's) for 10.4% of the project. Due to the lack of companies performing this type of construction, an LOSB goal of 10% was set for this project. As a side note, the Tennessee Department of Transportation's disadvantaged business enterprise (DBE) goal is 4% based on the type of work.

Shelby County has selected six roadway segments to be resurfaced using STP funds as follows:

1. Brunswick Rd. from Highway 70 to Old Brownsville Road (1.9 miles).
2. Germantown Rd. from Shelby Drive to Richmond Road (0.5 miles).
3. Holmes Rd. from Hacks Cross Road to Byhalia Road (6.0 miles).
4. Raleigh Lagrange Rd. from Houston Levee Road to Pisgah Road (0.8 miles).
5. Riverdale Rd. from Germantown Trails to State Line Road (1.2 miles).
6. Winchester Rd. from Tournament Drive to Forest-Hill Irene Road (0.6 miles).
